**SAFETY
GUIDELINES
FOR
CNG-FUELED
VEHICLES**

SAFETY FIRST

- 1 Always make sure the CNG fuel system is in good working condition before driving.
- 2 Never smoke or use open flames near the vehicle while it is fueled with CNG.
- 3 Always use the emergency shut-off switch in case of an emergency.
- 4 Regularly check the fuel level and ensure that the tank is not overfilled.
- 5 Keep the CNG fuel tank and fuel lines free from dirt and debris.
- 6 Do not tamper with or make any unauthorized modifications to the CNG fuel system.
- 7 Keep the vehicle ventilated while fueling and for a few minutes afterwards.
- 8 Only refill your CNG system at approved CNG filling stations.
- 9 Always follow the manufacturer's instructions for the safe operation and maintenance of the CNG fuel system.
- 10 Have the CNG fuel system inspected and serviced by a qualified technician at regular intervals.
